

Caring for Our Planet Quiz #5 – Answer Key

Caring for our Planet – Humans

1. True or False: The extraction and processing of food, fuels, and materials contribute to 50% of total global greenhouse gas emissions.

TRUE

2. Resource extraction has more than tripled since _____.
 - a. 1845
 - b. 2001

c. 1970

3. True or False: Fossil fuel use has increased 45% since 1970.

TRUE

4. Name something you can do to affect environmental change.

Some examples: Bike or walk instead of drive. Properly sort your waste. Recycle. Stop using single-use plastics. Do not litter. Be part of a beach or creek clean up. Use what you have - repair or borrow, instead of buying something new. Have a clothing swap. Buy used items from resale shops. Plant a tree. Make compost. Use compost in a garden or yard.
