

Proud to be your service provider for the collection of **Recyclables, Organics, & Garbage.**

Single-Family Residential News

JULY - SEPTEMBER 2021

Thank You for Helping Us Provide Safe, Clean, and Efficient Service!

Proper Curbside Set Out

- Be sure your carts are at the curb by 5:30am on your collection day. Log into your account or contact us to find your service day.
- Leave the carts at the curb until we've emptied them. **Our trucks can arrive at different times of day each week.**
- Place your carts facing the street with wheels against the curb.
- Leave 3 feet between each cart whenever possible.
- Keep carts away from parked cars, fire hydrants, low-hanging branches, basketball hoops, utility poles and other obstacles.
- Avoid overloading your carts. **The lids should close completely.** Do not wedge or compact materials in your carts. Doing so can cause litter and prevent your cart from emptying properly.
- Please place extra cardboard beside your recycling cart, flattened, and cut down to pieces no larger than 2 feet by 3 feet.
- **PLEASE REMEMBER THAT YOUR COLLECTION CARTS MUST BE PUT AWAY OFF OF PUBLIC RIGHT OF WAY AFTER THEY ARE SERVICED.**
- Overflow garbage will be collected when pre-paid tags are affixed to the trash bag(s). Call ACI of San Ramon to purchase tags, extra yard trimmings bags, or to arrange for additional service.
- Materials from a construction, demolition or landscaping project do not belong in your carts. Call ACI of San Ramon to arrange temporary debris box service for these items.

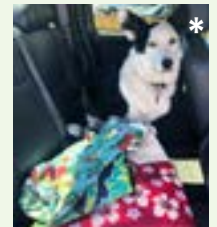

ZERO WASTE TIP Make a Reuse To Go Kit!

Your kit can contain reusable bags, napkins, utensils,

cups, bottles, and wraps. Try these tips to remember to use your reusable items.

BAGS: Keep bags in the car, in the trunk or backseat; remember

that your unloading chore is not complete until the bags are back in the car!

MUGS AND WATER BOTTLES:

When you wash your mug or bottle each night, put it back with your keys, wallet, glasses, etc. (things you'll take with you when you leave home each day.)

PROPER SORTING MAKES A DIFFERENCE!

Help Protect Our Sorting Staff

Our Materials Recovery Facility (or MuRF) sorting staff thanks you for keeping them safe by making sure needles, sharps, masks, gloves, wipes, tissues, garbage, organics, and anything with bodily fluids on it stays out of the recycling.

BBQ Season is Here!

Be sure to properly dispose of ash

- Place fireplace, stove, and barbecue ashes in a metal container with a tight fitting lid.
- Put the container outside - at least 10 feet away from your home and combustibles.
- Wet the ashes down. COLD ashes must be contained (in a bag or box), so they do not blow away during collection, and placed in your Garbage cart.

Hot ashes and GARBAGE carts don't mix!
