Commercial Customer News

MARCH 2022

Is Your Business Committed to Long-Term Sustainability?

Follow these eco-friendly policies & practices:

Eliminate Single-Serve Packaging and Plastic Service Ware - Provide reusable, recyclable, or compostable to-go containers.

Incentivize Your Customers to Reuse - Encourage customers to bring their own containers for takeout and reusable bags for purchases. Consider monetary incentives for those who do!

Avoid Contaminating the Recycling Stream - Sort plastic waste properly; Styrofoam®, loose plastic bags, film, wrap, and non-recyclable packaging belong in the Garbage cart or bin.

Encourage Proper Disposal - Educate consistently on the importance of proper sorting by providing the right containers and clear instructions for employees and customers. We can help! (See article at right)

Take Advantage of our Collection Programs - Proper use of **Recyclables** and **Organics** containers may decrease the amount of Garbage service needed. To change service levels or request additional services, contact ACI of San Ramon at 925-380-9480 or visit our website at www.SanRamonRecycles.com.
