Use Your Neighborhood Clean-Up Days

All single-family residential customers receive three (3) neighborhood clean-up days per year at no additional charge. Find your next scheduled neighborhood clean-up day by scanning the QR code or visiting SanRamonRecycles.com/cleanup.

Have a Trash-Free Start This New Year

The choices we make and the lifestyles we live have a profound impact on our planet. Here are some easy ways to make a positive change in your environment.

DON'T WASTE FOOD

- Purchase only what you need.
- Use what you buy.
- Compost any inedible leftovers.

(use your **green** organics cart and handy kitchen pail)

Wasted food also misuses the resources and energy used to grow, produce, package, and transport it. For more tips on how to reduce food waste, visit SavetheFood.com

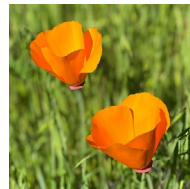

REDUCE, REUSE, RETHINK, AND REPAIR

- Buy fewer things, shop second-hand, and repair what you can.
- Carry reusable shopping bags, travel mugs, and water bottles.
- Choose products that are sold with little or no packaging.
- Refuse disposable foodware and needlessly packaged items.
- Support a Trash-Free San Ramon business! Visit SanRamon.ca.gov/trash-free for a list.

PLANT NATIVE SPECIES TO SUPPORT THE ENVIRONMENT

- Encourage native plants in your garden to conserve resources and support local wildlife.
- Replace non-native invasive plants, which can disrupt local ecosystems.
- Skip insecticides and other chemicals, which harm the environment.

Planting native species not only conserves water and reduces waste but also provides habitats for animals and insects, supporting a healthier, more sustainable ecosystem. Visit the California Native Plant Society at cnps.org/gardening for more info.

Use Your Handy Kitchen Pail and Organics Cart to Fight Climate Change

California Law SB 1383 is the State's Short-Lived Climate Pollutant Reduction Strategy.

Use your kitchen food scraps pail to store food scraps until you empty it into your **organics** cart. Please do not place the pail at the curb for collection. For food pail tips, visit: SanRamonRecycles.com/stopwastingfood. For more info about SB 1383, visit: SanRamon.ca.gov/residential-organics.
