

Batteries in the Trash Can Cause Fires!

Alameda County Industries

We are proud to be your service provider for **Recyclables**, **Organics**, & **Garbage**.

BATTERIES REQUIRE SPECIAL HANDLING AND DO NOT BELONG IN ANY OF YOUR COLLECTION CONTAINERS.

One of our collection trucks followed our emergency protocol and safely ejected a load of trash that was on fire due to batteries that had been improperly disposed of in the trash. Luckily, no one was hurt, the truck was not damaged, and the fire was quickly extinguished.

See other side for free household battery collection information.

Batteries are Hazardous Waste

Alameda County Industries

We are proud to be your service provider for
Recyclables, **Organics**, & **Garbage**.

BATTERIES REQUIRE SPECIAL HANDLING.

Use our easy curbside collection program!

- ACI collects household batteries that are placed in a zipper-style bag and placed on top of (*not inside*) your blue recyclables collection cart on your collection day.
- Please tape the terminals on all batteries.
- No automotive batteries are allowed.
- For more info, scan the QR code or visit SanRamonRecycles.com/residential/hazardous

*Thank you for
keeping our
workers safe!*
