FIGHT CLIMATE CHANGE WITH YOUR HANDY KITCHEN PAIL

- Keeping organics out of the garbage is part of California State Law SB 1383, the Short-Lived Climate Pollutant Reduction Strategy.
- Use your handy kitchen pail to store food scraps until you empty it into your **organics** cart. Please do not place the pail at the curb for collection. Need a pail? Contact us, and we will deliver one!

SERVICE REMINDER

Free Curbside Collection

HOUSEHOLD BATTERIES:

Place batteries in a zipper-lock bag on top of your **recyclables** cart (not inside). Please tape the terminals. *No automotive, lithium-ion, or nicad batteries allowed, these are treated as hazardous waste.*

USED MOTOR OIL AND COOKING OIL:

In separate 1-gallon or smaller, sealed screw-top containers (oils cannot be mixed). Place used oil filters in a sealed zipper-lock style bag. Place bags and containers on the curb (not in the gutter) next to your carts. Request oil jugs and oil filter bags from ACI of San Ramon. *No other automotive liquids are accepted.*

You Can Reduce Water Pollution

Keep the creeks and the Bay clean and healthy. Follow these tips:

- If you change your own oil, contain and recycle used oil and filters properly. ACI of San Ramon will collect contained used motor oil and filters (see "Free Curbside Collection" on other side).
- Prevent leaves in storm drains, place them in your green **organics** cart.
