DID YOU KNOW?

## Proper Sorting is Mandated by State Law

The graphics on the carts, bins, and our proper sorting outreach materials, are a **state-mandated requirement per California Senate Bill 1383 (SB 1383)**. Even the frequency with which we inform residents that recycling and organics participation are mandatory and dictated by SB 1383. For those who are still uncertain about what goes where, we hope you find our image-based, color-coded carts with QR codes on the container labels that link to our website **helpful**. And to all our customers, thank you for your efforts to help keep our community clean and Trash-Free (*see article on other side*)! For more information, visit [SanRamonRecycles.com/sb1383](http://SanRamonRecycles.com/sb1383) or [CalRecycle.ca.gov/organics/slcp](http://CalRecycle.ca.gov/organics/slcp)

## SERVICE REMINDER Tips for Safe and Efficient Collection Service

### CARDBOARD - KEEP AN EYE ON THE SIZE!

Corrugated cardboard and paper boxes should be flattened and large pieces cut to 3' x 2' or smaller. Doing so:

- Allows for more room in the container.
- Prevents overflow and litter.
- Assures the pieces fit in the hoppers of the collection vehicles.

Visit [SanRamonRecycles.com/zerowaste](http://SanRamonRecycles.com/zerowaste) for a fun video of our contamination crew's cardboard conundrum.

### TELL US ABOUT YOUR YARD TRIMMINGS

*Does a landscaping company haul away your property's yard trimmings? We'd like to know!*

CalRecycle requires written documentation from the landscaper that the material is being hauled to a compost facility for AB1826 compliance. A form is available on our website at [SanRamonRecycles.com/multi-family/forms](http://SanRamonRecycles.com/multi-family/forms)

## Trash-Free San Ramon

There are over 19 businesses in San Ramon that are Trash-Free Certified! Visit [SanRamon.ca.gov/trash-free](http://SanRamon.ca.gov/trash-free) to find participating locations, to nominate a business that should be considered for certification, and to discover ways to live a Trash-Free lifestyle.

### GO TRASH-FREE TO:

- Reduce litter on roadways and in creek beds and protect waterways from pollutants.
  - Save money by avoiding the purchase and disposal of single-use items.
- (most disposable foodware is not readily recyclable, nor does it add nourishment to compost)*
